Hi Dave,

I confirmed that the following facility is acceptable to receive CERCLA waste under the off-site rule (OSR):

US Ecology Idaho Inc Site B
Grand View, ID
RCRA ID#: IDD073114654

The OSR acceptability status is dynamic in nature and subject to change. Region 10 has instituted a standard operating procedure where we conduct a verification of continued acceptability (VCA) on facilities that have been previously found acceptable under the OSR. The purpose of a VCA is to provide a periodic check to assure that the facility continues to be acceptable. VCAs are conducted when a request for OSR status is received and the previous VCA had been conducted more than 60 days prior. VCAs are valid for 60-days.

Dave -

I'm no longer the point of contact for off site determination, but I'm forwarding your message on to those that are.
